VOL. LVIII—No. 37

Grimsby, Ontario, Thursday, March 25th, 1943.

\$2.00 Per Year, \$2.50 In U.S.A., 5c Per Copy

**MEDAL CEREMONY**—Grimsby Lions Club's annual award for outstanding citizenship was on last Tuesday night presented to Rev. J. A. Ballard, rector of St. Andrew's Anglican Church for the last 38 years. In the picture Mayor Edric Johnson, of Grimsby (right), is seen pinning the award on Mr. Ballard's coat, as Rev. Dr. Neil M. Leckie looks on. The presentation took place at a dinner meeting of the club in the Village Inn.

## FIRE MARSHALL INVESTIGATES MYSTERIOUS TOWNSHIP FIRE

**Two Fires Discovered Burning at One Time — Barn Completely Destroyed — Blaze in Basement of House Made Slow Headway.**

### OLD ALWAY FARM

**All Windows And Doors in House Were Closed — No One Around Place When Motorist Discovers Conflagration.**

At the request of Fire Chief Alf. LePage, J. H. Richards of the Ontario Fire Marshall's Department, Toronto, is in the district investigating the two fires that were found burning simultaneously, early on Monday morning on the farm of Percy Lambert, Ridge Road, west of the Woolverton mountain, in North Grimsby.

One blaze totally destroyed the farm barn, valued at \$2,500, one Dodge truck, valued at \$1,000 and a large quantity of farm implements. There was no stock in the barn.

The other blaze was found smouldering in the basement of the farm house but no damage was except from smoke.

There was no one home at the time. Mr. Lambert has been in Grimsby most of the time during the winter.

Apparently the fires had been going for some time before the alarm was turned in at 2 o'clock in the morning. Paul Smith, driving along No. 8 Highway, saw the burning barn on top of the escarpment. Unaware that no alarm had been sounded, he proceeded to the fire and, on arrival, found the barn a mass of flames and smoke pouring from the house, but no one in evidence around the place.

Gordon Metcalfe, who resides on the Ridge road and has seen the (Continued on page 8)

### Your Old Coupons Are Valueless

Tes, coffee and sugar coupons in the old Ration Book No. 1, have no value in the hands of consumers after March 31, according to the ration administration of Wartime Prices and Trade Board. As the last butter coupon, No. 9, expired March 14, the old ration book will have no value after the end of the month and should be destroyed at that time.

Spare "C" coupons No. 10 to 26 in the old book will not become valid. They were put in when the book was issued last September to be used in case of emergency, but will not be required. The same is true of the other spare coupons, which were not brought into use.

## COUNTY COUNCIL GRANTS \$10,000 TO THE RED CROSS

**Will Raise \$19,000 For Patriotic Purposes This Year — Will Equalize Assessment Before Striking County Rate.**

### MANY GRANTS MADE

**Receive Report on Wartime Housing — Want Milking Machines Manufactured in Larger Quantities.**

Lincoln County Council granted \$10,000 to the Red Cross Society, to be distributed to the branches throughout the county on the same equalized assessment basis as last year's Red Cross grant was apportioned. A grant of \$100 was made to the Lincoln County Music Festival, and a grant of \$1,000 was made to the St. Catharines General hospital for their building and expansion program. The hospital had asked for \$25,000.

A deputations from the Beamsville and District War Services Committee waited on council asking for a grant, but this was left over until the April sitting of council. The deputation consisted of A. G. Richmond, George Shepherd, F. L. Laundry, I. E. Claus and Richard Morley.

The report of the grand jury, recommending improvements at the county court house, was read and was referred to the general administration sub-committee for consideration. Council discussed installing a stoker in the county registry office and gave authority to the same committee to act.

The whole council was appointed to a committee with J. C. Dressel, Grantham, as chairman, to study post-war reconstruction.

A committee was appointed to interview the department of (Continued from page 7)

### Recipe For The Ideal Wife

The recipe for an ideal wife as prescribed by Sir William H. Beveridge, author of Britain's proposed social security plan:

"She should be intelligent without being intellectual, keen without being earnest, silent without being stupid."

Sir William is 64 and last December married his former secretary, Mrs. Jessy Mair.

He gave his definition in an answer on a broadcast quiz program recently.

## Will Deposit Blitz Flag In Library

**Ceremony Will Take Place at Four p.m. Next Wednesday Donated by Col. G. A. Sinclair.**

The official ceremony of the depositing of the "London Blitz Flag" donated to the Lions Club by Col. Gordon A. Sinclair, will take place in the Public Library, on March 31st, 1943, at 4 p.m.

Colonel Sinclair, the donor, will be represented by Mrs. Sinclair.

The following public bodies are invited to be present: The Town and Township Councils; the West Lincoln Branch of Canadian Legion; the High School Cadets, in command of Cadet Officer Smith; the Boy Scouts, under the leadership of Scoutmaster Baker; the Girl Guides, under the leadership of Guide Officer, Cullingford; the I.O.D.E.; the Red Cross; the Navy League; the Clergy; the High School and Public Schools Staffs; the Board of Education; the Lions Club. The Color Party will be in charge of Major Bromley.

The Public Library Board will receive the color.

Butter coupons in the old book No. 2 are good for purchases on the following dates:

March 27th.  
April 3rd, 10th, 17th, 24th.  
May 1st, 8th, 15th, 22nd, 29th.  
June 5th.

Butter coupons on none of the above coupons have as yet been announced.

### Due Dates For Butter Coupons

Butter coupons in the old book No. 2 are good for purchases on the following dates:

March 27th.  
April 3rd, 10th, 17th, 24th.  
May 1st, 8th, 15th, 22nd, 29th.  
June 5th.

Butter coupons on none of the above coupons have as yet been announced.

### U.D.L. V...- Girls

Another contribution from the town of Grimsby, has been made towards Victory in this war by the efforts of the staff of the United Distillers Limited, who have generously offered their blood to the Red Cross Blood Donors Clinic, and the following young ladies visited Hamilton in this connection on Wednesday, March 17th: Geraldine Patenaude and Rose Marshall, and at some future date the following girls will attend the clinic, Elizabeth Laba, Rita Lessard, Lily Laba, Lillian Hildreth, Doris Walters and Mrs. V. Clark.

## Making Application For Hospital Charter

### DID YOU KNOW?

That in the Town of Grimsby SIXTY-FOUR PER CENT of all the Householders OWN their own homes. This is a very high percentage and rates with any other municipality in the Dominion.

That with our new 29 mill tax rate this percentage will be greatly increased during the coming year. Already several new houses are under construction and many more are being planned. As time goes on there will be still many more planned and built.

*Come To Grimsby To Live*

## UNNAMED RESIDENT DONATES GENEROUSLY TO RED CROSS

### Is Appreciative Of Padre's Work

**Young Grimsby Boy, Now Overseas, Has Changed His Views as Regards Gentlemen of The Cloth.**

At the Lion's Club dinner last week when the Good Citizenship Award was presented to Rev. J. Allan Ballard of St. Andrew's Anglican church, the Reverend gentleman in his remarks of thanks spoke briefly about a young Grimsby lad overseas, who at one time had been a choir boy in Old St. Andrew's.

At the completion of his remarks Mr. Ballard read the following letter which he had received from that boy. It is an excellent epistle and bears repeating in these columns:

England,  
Sunday, Dec. 20, 1942.

Dear Sir:

It is with deep appreciation that I sit down to-night to acknowledge the lovely Christmas card which you have sent me.

It is with honesty when I say I always believed you to be a most reserved person far away from a person such as me, of course I was much younger than I am to-day.

In three years overseas I've met and talked to a great many padres and I have completely changed my mind as I'm sure you must be the same as these men. They are all the same, like could we say, "Brothers" and have always a kind smile and a helping hand in any such trivial matters which will crop up from day to day.

Like most young children church never appealed very much to me, but since joining the Army nearly 3½ years ago I've come to regard the church as part of my life.

We have a very nice padre from (Continued on page 8)

### Post Office Haven For Lost Keys

**Anywhere From One to Six Bunches Turned in at Wicket Every Week — Some Are Never Claimed.**

How often in the course of a year do you lose your bunch of keys? Maybe not at all, but there are plenty of people who do.

Local post office officials state that there is not a week goes by that there are not turned in at the wicket from one to half a dozen bunches of keys. Most of them are claimed almost immediately while others are not claimed for days and in the odd case never claimed.

At the present time there are a half a dozen leather key folders containing keys in the office safe awaiting claimants, most of them having been there for months.

When keys are left hanging in the mail box it is easy to know who the owner is, but often times the keys are picked up off the floor and in that case the identity of the owner is a minus, unless there is a name plate on the ring, which in these latter days is not often the case.

**Hands Over Cheque For \$1,000 For Red Cross And Chinese Relief — General Public Responded Splendidly.**

### MANY THANKS

**Town And Township Contributions Well Over \$6,000 — Total Does Not Include County Grant of About \$1,600.**

Thanks to the generous response of the public and hard work on the part of canvassers and others who assisted in the Red Cross Campaign, Grimsby and North Grimsby Township have again met the ever increasing demand on the pocket book.

On Saturday night the total cash subscribed came within a few dollars of \$6,000.00 and at time of going to press is well over the \$6,000 mark and this sum is likely to be increased by the few yet to be heard from. The campaign, by authority of H.Q., will be open to accept further subscriptions for another week. Late subscribers may contact the Campaign Treasurer, Miss Ann Crane, at the Village Inn.

The above figures do not include the Town and Township's portion of the County grant, which, thanks to the local representatives on the County Council, it is understood will be the same as in the 1942 drive, namely \$1600.00 approximately.

Nor do these figures include a (Continued on page 8)

### Hamilton Clinic Makes New Record

**Grimsby Day Boosted Blood Donations by 125 — Eighteen Being Ladies — Next Clinic Possibly Held in Grimsby.**

Hamilton Clinic reports that last week was the biggest week in the history of the clinic, insofar as blood donations are concerned, and no little credit is due the people of Grimsby and district for this record being hung up.

Included in last week's donors at the clinic was Grimsby Day, when no less than 125 Grimsbyites, including 18 ladies made the trip to the Ambitious City and donated blood. Chairman William Hewson was very much pleased with the response the local committee received and is particularly pleased with the manner in which the ladies came through the ordeal.

It is expected that when the next donation is made, the early part of June, the clinic will be conducted in Grimsby and thus save travelling to the city. Transportation needs are getting tougher all the time and it is not expected that transportation will be procurable at all by the time June rolls around, hence the effort to have the clinic held here.

On Wednesday transportation facilities were good and 10 tables were kept going steadily at the clinic from 3.30 until the finish in the evening.

**Business And Medical Men of Beamsville, Smithville And Grimsby Decide to go Ahead With Project Immediately — 15 Beds To Start.**

### MANY DONATIONS

**Company Will be a Non-Profit Organization — Membership Can be Acquired at Small Cost — Will Install New Heating Plant.**

Following a meeting of representative citizens from Beamsville, Smithville and Grimsby, in the Village Inn on Saturday last, a decision was reached to proceed with the application for a company charter for a hospital for this district.

Mr. A. R. Globe reported that the period of investigation had been completed up to a point of furnishing all required information as to what could be done and called on the medical men to outline the needs.

The opinion has been expressed that while for the work for the

CHARLES J. EAMES

doctors would not be decreased, better service and attention could be given, and the proposal was endorsed by Drs. Elmore and Latham of Beamsville, Dr. Leeds, Smithville and Drs. Rogers, McIntyre and McMillan of Grimsby.

It was further reported that many citizens from the area, as a tribute to, and to show their appreciation of the services of our medical men, have without solicitation or canvass offered donations now reaching into a sizable amount.

The building and property to be used for hospital purposes is the large stone club house on the Deer Park Golf Club property, owned by C. J. Eames of Hamilton and Grimsby and being donated by him free of all costs and incumbrances.

The charter referred to will provide for a non-profit corporation, owned by the people. Memberships will be acquired on payment of a (Continued on page 8)

### Want Some Tasty Juicy Horse Meat

**Steaks Thirty-Five Cents a Pound — Horseburger 22 Cents — Government Inspected For Public Consumption.**

Wray Betts, Grimsby Meat Market, had on display in his store last week an advertisement clipped from a Cleveland newspaper that was of interest to all who read it.

According to the advertisement the meat shortage in the Ohio city had been solved by the securing of a large supply of "Government Inspected Horse Meat for the Public's Consumption. Fry This Healthy, Tasty, Tender, Wholesome Meat."

This meat might be all the advertisement claimed for it but prices were not much lower than good beef or pork. Pot Roast 22c; Porterhouse Steak 35c; Sirloin Steak 35c; Round Steak 35c; Horseburger 22c; Standing Rib 22c and many other meat cuts.

Canada has not arrived at the horse meat diet yet, and it is to be hoped we never do.

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

## Facts And Fancies

Frank Fairborn, Jr.

### GROUP GOVERNMENT NOT WANTED

The Party system of government has been the subject of considerable criticism of late, and it may be admitted that it is not a perfect system. But the odd thing is that its critics are chiefly those who are trying to set up new political parties.

We have the C.C.F., the New Democracy and the Communist parties, each of which claims to have the only solutions for our social and economic problems. In order to put their solutions into effect, one of these parties would have to secure a large majority over the others—including the Liberals and Progressive Conservatives. That is extremely unlikely.

The two-party system is the only form of government that can maintain orderly and progressive democracy. A multiplicity of parties leads inevitably to political chaos, and the only way out of political chaos is dictatorship. That is what happened after the French Revolution when Napoleon seized the reins of power and established a military regime.

It presented Hitler with his opportunity, and we know what happened in Germany and what is happening today throughout the world. The present war is the direct result of a one-party system in Germany.

The Soviet Government in Russia was tending in the same direction under Trotsky, with his attempt to undermine the governments of other countries by a campaign of infiltration. We still have some of the remnants of that campaign in Canada, and we can get along very well without them.

We may learn something from political experiments in other countries, but we do not have to smash up our system in order to improve it. In a democracy, with its freedom of thought and speech, there will always be groups of people with extreme views on matters of government, but when such groups form political parties and get into parliament the party system becomes a farce. France, before the war, was a pathetic example of that kind of political confusion.

There is ample room in our two chief political parties for men of diverse views who can work out practical measures of social and economic reform in a democratic manner.

### THE OLD GRAY BONNET

Lesser things have started a revolution. Yet today British women hardly look up from their work. Only one new hat every three years, under the new quota! Undoubtedly the Government held its breath. But nothing happened. The earth continued to turn upon its axis. The stars held firmly to the skies. The sun ran its accustomed course.

It is, indeed, a new world. One in which men and women have become more adaptable, more resourceful, more versatile. Only one hat in three years! Instead of shrieking in protest, the average woman today accepts the inevitable with fortitude and proceeds to trim it over so cleverly that no one would ever know it was the same "inevitable" that she wore last year.

In fact, it is doubtful if such an edict would cause very much more of a furor in Canada, what with bandanas, snoods, and fascinators to save the day. The chapeau, you may have noticed, is not the formal creation that it once was. Indeed, a mere cluster of artificial flowers, affixed to the pompadour frequently becomes a hat to all intents and purposes. Of it may be a perky velvet bow or piece of fur.

So if "coupon 55" suddenly becomes good for one hat for the duration, Canadian

women will probably take the news with the same calmness expressed by their British sisters. The old gray bonnet will undergo an overhauling, and come out looking like a new model. Men will still pretend to be amazed at the result.

### MAIL IS A MUXITION

In the armed forces, men put the mail call ahead of the mess call. In North Africa a postal service official saw a company of soldiers standing for mess when the mail call was sounded. Nearly every man left the line and rushed to see if there was a letter.

An infantry commander was about to lead his unit into action when the mail arrived. He learned that mail delivery just before an offensive, makes for a vastly improved morale. Government authorities say that mail from home is more than a fighting man's privilege. It is a military necessity.

While there are casualties in the mail, some remarkable salvage exploits are recounted. For example, divers recovered forty sacks of mail from a plane which crashed in the sea off Newfoundland in forty feet of water. At the New York City Army Post Office, the envelopes were spread on the floor for drying and within a month's time, all but 20 pounds of the 1,000 pounds of salvage mail had been re-addressed, re-enveloped when necessary, and again sent on its way.

A submarine commander in the Pacific located three mail bags floating after a torpedoing. All the enclosed letters were delivered and the envelopes are now valuable collectors' items.

Airgraph are also widely used. Each letter is photographed on micro-film, and on arrival a photographic enlargement of the letter is made and forwarded to the addressee.

A Navy postal officer says, "The mail is a valuable munition of war and we treat it as such."

Whether it's a letter, an Airgraph, a parcel or a greeting card suitable for the occasion, it's up to the folks at home to:

Keep 'em Happy—With Mail.

### SCOTLAND STARTED IT

Scotland and its people are given credit for a few things and bitterly blamed for a good many more.

So we are not greatly surprised to learn that Scotland is responsible for the first highway tax, which was in effect some four centuries ahead of our modern gasoline tax.

In the early sixteenth century, the Canongate was one of the first paved streets in Edinburgh. It was also the main street of the bedieval Scotland capital. Soon after the paving of the Canongate was finished, James V. of Scotland in 1535 issued a proclamation governing all traffic on the newly paved street, and the law applied equally to private and government owned vehicles.

Empty carts and wagons using the Canongate were compelled to pay a tax of one-half penny every time they travelled along the street. Loaded carts and other vehicles paid a tax of one penny to "repair and maintain the causeway."

History does not record whether the ancient tax was actually used to repair the roads, or whether, like the modern gasoline tax, it was just an excuse to provide an ample supply of spending money, but either way, it was the Scotch that originated the scheme. And the Stuart King who started it was a Tory too.

## Away Back When

Frank Fairborn, Jr.

A query to this column asks "how many newspapers have ever been published in Grimsby?" My answer to that is, "only ONE REAL Newspaper, The Independent." Publication of The Independent was commenced in July of 1885. Beamsville had a newspaper several years previous to that. Then along in the middle 90's Linus Woolverton financed the Oakley (now of Montreal) and Arthur "L. Millward in the establishing of what was known as the Grimsby Gazette, which had a short existence and was absorbed by The Independent. Then in 1907 John R. Brown and W. E. Phillips started the Weekly Sun which shone for four weeks and was absorbed by The Independent.

Of course there have been other publications printed in Grimsby, such as The Fruit Grower and Farmer, The Canadian Poultry News and The Canadian sportsman, but all from the office of The Independent, under the management of Jas. A. Livingston. Also the Canadian Horticulturalist was established in this town, many, many years ago, by Linus Woolverton. The editorial and business office was here but the actual printing of the magazine was done in various places throughout the province on contract.

Speaking of newspapers, brings to mind the fact that Reg. Lawson has become a "Printer's Devil." What a lot of difference in the span of years since

I was first a "Devil." (I guess I am yet for that matter). Reg. starts in on a bed of roses compared to what I did. A printer of this age can work all day in a white shirt and never get it spotted. Improved methods and machinery have eliminated 90 per cent of the old time grime and hard labor in connection with a "back shop."

Reg. no doubt will get his hands dirty washing rollers, but he won't have much "dising" to do, or in other words much type to distribute back into the cases. In fact there were a lot of things that he will not have to do, because Dyke Lawson and the type-setting machine can take care of all that.

Changes have also taken place in the business and editorial end of the newspaper profession. Today it is all a hard cash proposition between the editor and the customer. In my days as a "Devil" it was to a great extent a matter of barter. I have seen a pile of cordwood containing at least 40 cords piled up in the backyard behind the old office and home (Dr. Sinclair's residence) at one time, all taken from the farmers in payment for subscriptions. In the late fall, the winter and early spring the House of Livingston never purchased any beef, pork, poultry or other meats; potatoes or vegetables; butter or eggs, all being supplied by the farmers on their subscription or small job work account. That meant a lot of provender in those days because "James A." was running the livery and bus lines and there were always from eight to twelve drivers and hostlers getting a big percentage of their meals in the family kitchen.

In the olden days an editor of a weekly paper was everything from Town Crier to filling in the pulpit of a countryside church on a Sunday. The local clergyman didn't arrive on time or leave the gout. Times have changed, not only in the newspaper business but in all walks of life, but I doubt very much, if for the better.

In my time as a "Devil" the tramp printer was in his hey-day, and believe me those "Bo's" were crackerjack mechanics. There was nothing in a print shop that they couldn't do. One of them I remember well, his name was Geo. Wray, and I still have in my possession a "type stick" that he gave me. It bears the stamp "Government Printing Bureau, Washington, D.C." George didn't steal the "stick", it just happened to be in one of his pockets when he got fired off the job. He also was some-

what of a poet, and I give you here one of his effusions:

Same old office, in the same old town,  
Same old staff, from the foreman down,  
Same old devil with the same old leer,  
Same old compe, with a smell of beer;  
Gosh, but it seems I'm the same old jay,  
Goin' back to work in the same old way.

Same old stone in the same old place  
Same old ads in the same old chase  
Same old galleys on the same old dump,  
Same old "sulphur" at the "press-day jump."  
Gosh, but I feel like the same old jay  
Foundin' the plainer in the same old way.

Same old broom and the same old floor,  
Same old pi in the cracks galore,  
Same old stove with the pipes awry,  
Same old soldiers all chawed out dry.  
Gosh but I'm thinking I'm the same old jay,  
Sweepin' up the floor in the same old way.

Same old boss with the same old growl,  
Same old wash tub and same old towel,  
Same old lye pot, just as it stands,  
Same old cracks in the devil's hands.  
Gosh, but I reckon I'm the same old jay,  
Washin' up the rollers in the same old way.

Same old cases and same old type,  
Same old pressman, with same old pipe,  
Same old press with the same old drum,  
Same old lines that rise on the bum.  
Gosh, let me fix them so they'll have to stay,  
With a nail and the mallet in the same old way.

### Penned and Pilfered

All girls love to cling to their youth—  
if he's good looking.

The difference between "Shipwreck Kelly," the flagpole sitter, and certain Ottawa Spellbinders, is that eventually "Shipwreck" has to give up his seat.

Canaan in the Bible was referred to as a land flowing with milk and honey. In this country people demand a land flowing with silk and money.

## Armed Forces Are Filmed

"Commandos Strike at Dawn," the vivid photoplay of Canada's Armed Forces produced by Columbia Pictures, portrays the hard-hitting Canadian Army so well that the film is rated as one of the best of this war. Based upon Norway's resistance of German aggression, and starring Paul Mun, the movie shows battle tactics of the Canadians, above as they storm a "Nazi" airfield. Lower picture was an off-the-set camera-study of Greta Granstedt, one of the starlets, chatting with A. G. Rock and Doug Allen, telegraphists aboard an auxiliary cruiser of the Royal Canadian Navy.—(Canadian Army and Royal Canadian Navy Photos).

## SOCIAL AND PERSONAL

Cpl. Keith Brown, of Trenton, was home on leave.

Wallace Bromley, Kincardine, was a business visitor to town this week.

Mr. Alex. Anderson, of Toronto, spent the weekend at home with his wife and family.

Mr. Francis Stadelmeir has returned after spending the past three weeks in Toronto.

A.C. 2 S. Reilly, R.A.F. Mount Hope, was a weekend visitor with Wilfred and Mrs. Greenfield.

Jas. A. and Mrs. Aitchison, returned home last week after a three months sojourn at Avon Park, Fla.

Chas. A. Farrell, Manager of Canadian Package Sales, is in Quebec province this week in the interests of his firm.

Mrs. Fanny Robertson, Robinson street north, had the misfortune to slip and fall on the ice last week splintering the bones in her left wrist.

Private E. L. Anderson, C.W.A.C., of Burnside Barracks, Woodstock, spent the weekend with her parents, Mr. and Mrs. Alex. Anderson, Gibson Avenue.

Jack Griffith who has been on construction work on the Alcan Highway at Fort Nelson, B.C., all winter, is visiting with his mother, Mrs. H. K. Griffith, Grimsby Beach.

Mr. and Mrs. Murray Lawrie, Mrs. R. H. Crow, Mr. and Mrs. H. A. Crow, and Mr. and Mrs. C. P. Gowland, were in Port Dalhousie on Saturday night at attend a farewell party for S. A. Robert H. Crow and Mrs. Crow, at the home of Mrs. F. E. Crow.

## Trinity United Church

W. J. WATT, B.A., B.D., Minister.

SUNDAY, MARCH 28th

11 a.m. — "Thou Shalt Not Covet."

7 p.m. — Pilgrim's Progress Series.

Sunday School at 2:30, Trinity Hall

## DRY CLEANING FOR EASTER

Bring or mail your clothes in. We will hold until called for or return by mail as requested.

## CEEBEES

CASH and CARRY CLEANERS

70 St. Paul St., St. Catharines

Miss Myrie Davidson, of St. Catharines, spent the weekend with Miss Mabel Stadelmeir.

Phillip and Mrs. Tregunno returned last week from a pleasant winter's vacation in Florida.

Archie Buriand of Toronto was a weekend guest with H. C. and Mrs. Johnson, Mountain street.

Mr. J. C. Dufoe, Robinson street, south, left on Monday for Fort William, where he will spend the next month or so.

L. A. C. Wallace Smith, of the R.A.F. Station, Clinton, spent the weekend with his parents, Andrew and Mrs. Smith, Mountain street.

Sapper Chris. Chester, R.C.E. is spending his furlough with his grandmother and aunt, Mrs. Sarah and Miss Molly Chester, Lincoln Ave.

A.C. 2. Robert Harrod, Malton Airport and A.C. 2 Wm. Harrod, Manning Depot spent the weekend with their parents Clyde and Mrs. Harrod, Paton street.

Mrs. Gladys Fraser, Mansion Apartments, received a cable on Wednesday afternoon that her son L.A.C. Douglas Boyd, had arrived safe and sound in England.

Mr. and Mrs. Ted Hyland and son, Ronnie, of St. Catharines, and Mr. and Mrs. Fred Batch, of Hamilton, were Sunday visitors at the home of L. G. McBride, 14 Adelaide street.

L.A.C. Thos. Hughes, of Manning Pool, Toronto, is spending a week's convalescent leave with his cousins, Mr. Howard Coldwell, Grimsby, and Mr. Richard Coldwell, Beamsville.

Corp. Ross Sherriff, from Newbury, Berkshire, England, now training in Canada with the R.A.F. is spending his furlough with his cousins Mr. and Mrs. George Hildreth, St. Andrew's Avenue.

A.C. 2 Charles Tweency, son of Mrs. Mary Tweency, 7 Fairview Ave., who enlisted in the R.C.A.F., in February has been confined to Christie Street Hospital with illness. His sister Miss Margaret visited him on Sunday and he is showing gradual improvement.

Mrs. Herzberg, Provincial Commissioner, has appointed Miss H. Walsh to be Commissioner of the Division of West Lincoln in succession to Mrs. F. S. Greenwood, who has resigned. As Head of the Kindred Societies Branch for Canada, Miss Walsh has always taken a special interest in the Guides of Beamsville and of Grimsby, sponsored as they are by Chapters of the Kindred Society of the I.O.D.E.

The members of the War Committee of the I.O.D.E. gathered at the home of Mrs. Archie Aiton on March 18th to spend a social evening with the past Committee convenor, Mrs. Walter Westlake, who is moving from our town. The evening was spent in playing games and contests, and was followed by refreshments, and social hour. The evening then concluded with farewells and best wishes for Mrs. Westlake in her new home.

## OH BOY! SUGAR

The beautiful Madeleine La Beau, as "Yvonne", a lovely Parisienne who sings the catchy songs in "Casablanca" coming to Moore's Theatre, April 12 and 13.

## Lincoln Loyalist Birthday Party

At the 19th Birthday Party of Lincoln Loyalist Chapter, Imperial Order, Daughters of the Empire, held in the Rooms on Monday afternoon, Dr. Roy Wiles, of McMaster University was the guest speaker and gave a stimulating address to the 75 members and guests present. Dr. Wiles reviewed in a most interesting way the book "Problems of a Lasting Peace" by Hoover and Gibson, and urged all to give these problems much thought and consideration.

The guests were received by the Regent, Mrs. L. A. Bromley, and Mrs. R. N. Wolfenden, past regent, assisted by Mrs. F. Jewson, Educational Secretary, and Miss M. Cline, convenor of the programme. The Room was bright with spring flowers, kindly loaned by Coles' Florists for the occasion.

Greetings from the Lena Davis Chapter, Beamsville, were given by Mrs. Cox, first vice-regent, from the Grimsby Red Cross by the President, Mrs. Wolfenden, and from the Women's Institute by Mrs. G. Warner.

A telegram was later received from Mrs. Ryland New, the Provincial President, I.O.D.E., expressing regret at not being present and conveying all good wishes from the Provincial Chapter of Ontario.

Besides the speaker, a delightful programme was enjoyed, consisting of piano solos by Miss Ormiston, vocal solos by Mrs. J. Shields, and a reading by Miss E. Cline. The Regent was presented with flowers by Mrs. Wolfenden on behalf of the officers and members, in appreciation of her services to the Chapter. Miss Walsh, in a gracious little speech, moved a hearty vote of thanks to Dr. Wiles for his inspiring address, and to the others in the programme, seconded by Mrs. Elliot. A strictly war-time tea was served by Mrs. Cloughley and her committee. Oakville, Ont., 3:10 p.m.

March 22, 1943.

Mrs. L. A. Bromley, I.O.D.E. Rooms, Grimsby, Ont.

Regret invitation not received all extremely sorry and realize it is our loss all good wishes.

Isabel New

## Nuptials

## NIMMO-BARNIM

The marriage was solemnized at First Baptist church, East Orange, N.J., at three p.m. on Saturday, March 13th, when Lieut. Gladys M. Barnim, American Nursing Corps, was united in the Holy Bonds of matrimony to Alfred Lawton Nimmo, of East Orange, N. J. Rev. Harold Husted officiating.

The bride is the daughter of Mr. and Mrs. W. H. Barnim, 30 Mountain street, and was well and popularly known among the younger set before taking up nursing in New York a few years ago. The groom is a son of Mrs. S. R. Beatty and the late Charles Nimmo of East Orange.

Their attendants were Mrs. Kathleen Kessler, of Brooklyn, N.Y., and James N. Trenary, Greenwich, Conn.

The bride carried a service bell and wore the uniform of the R.A.N. The matron of honor wore a dress of two tone purple with hat to match and carried a corsage of red, white and blue carnations.

The bride is a graduate of nursing of New York hospital while the groom is a graduate of Colgate university, Hamilton, N.Y. and is now engaged in the bond business in New York.

The happy young couple arrived in Grimsby on Sunday and spent the week the guests of the bride's parents. They will reside in New York.

Make it doesn't pay to be meek. Just say: They are to inherit the earth.

## LOVELY LITTLE LADY WILL CELEBRATE 93rd BIRTHDAY

Mrs. Henry Heise, Born at Preston, Ontario, March 27, 1850—Married at 19—Has Unbroken Family Circle of Ten Children, 13 Grandchildren And Three Great-Grandchildren — Resides With Her Daughter, Mrs. Mary Kamnacher, Kidd Avenue.

Many things a woman may forget in the passing of the years but never will she forget the gown she wore at her wedding. Mrs. Henry Heise, who will celebrate her 93rd birthday on March 27th at the home of her daughter, Mrs. M. Kamnacher, Kidd Avenue, remembers the details of her wedding array as if she had donned it but yesterday.

Married at 19, Mrs. Heise—or Dorothea Stuempfle, as she was then—recalls her wedding gown, made by a dressmaker (a noteworthy fact 74 years ago!), of grey French merino with hooped skirt, the rows of grey silk fringe with which it was trimmed beaded with little roses. A grey, flower-trimmed bonnet was worn with it and the finishing touch was added by a grey Paisley shawl with coloured border and fringe. The presiding minister was Rev. Emanuel Wurster of St. Peter's Lutheran Church, and as the custom was in those days, the marriage took place at the home of the bride's parents.

Mrs. Heise was born at Preston, 1850, and lived there most of her life. It is still home to her although she spends the greater part of each year with her daughters. She is a charter member of the Ladies' Aid of St. Peter's Church, and cherishes memories of the friendships formed in her long association with that active organization, though most of her companions of those busy, happy years have slipped away from the scene of their earthly labours.

The first settlers in Waterloo County had established themselves only about fifty years before Mrs. Heise's birth in Preston. These were two brothers-in-law, Joseph Schoerg and Samuel Betzner, Mennonites from Franklin County, Pennsylvania. They were followed by several cavalades of Pennsylvania Dutch who travelled for weeks in covered wagons to reach the haven of Waterloo County. These skillful farmers and artisans were augmented from time to time by considerable numbers of young Germans fleeing from the Fatherland to escape the oppressive system of military conscription forced on them by the Prussian war machine. With one of these families came little Henry Heise, 10 year old, born in Mulhausen, Prussia, and destined to be the husband of Dorothea Stuempfle.

The little settlement of Preston rapidly became an important lumbering centre and must have left the primitive conditions of earlier pioneer times well behind by the time Mrs. Heise was old enough to go to school; she recalls her childhood hours spent in a grade school of several large rooms. One of the teachers, Mr. Jacobs, entranced the children with his violin playing and taught them little German songs and nursery rhymes.

A remark about the present tea rationing reminded Mrs. Heise that this commodity was very scarce in her young days, her mother making "gavendi" tea from the thyme that grew in the garden. Bread was baked in a hot oven, each child bringing out a loaf in a pan when it had risen enough and watching while mother pushed it into the oven with a long handled shovel. Another of her memories was the custom of placing the children's Christmas presents in a soup plate where they found them when they came to the breakfast table on Christmas morning. The presents were exactly alike, so there was no opportunity for jealousy to rear its ugly head in the midst of the happy family group. A colourful figure in the history of the town, to whom many Prestonians owe their lives, was "Mam" Kress, a midwife trained in Germany, who is credited with bringing at least 2,000 babies into the world of Preston.

The present struggle for world supremacy is the fourth war among European nations during Mrs. Heise's lifetime. The first was the brief but bitterly fought Franco-German war of 1870-1871, and she recalls the excitement that prevailed in ostensibly peace loving Preston when the news came of victory of the German army over the French. The next was the Boer War which, relatively speaking, did not effect individual life in Canada greatly. The one man who went to South Africa from Kitchener was Herman Quernbach, a

MRS. HENRY HEISE

nephew of Mrs. Heise. On his return he was given an ovation by his townsfolk that is talked about to this day. But the first Great War was another matter, and Mrs. Heise was one of the most active workers in Preston, knitting, sewing and planning money-making affairs for the Red Cross, as thousands of women across Canada were doing, and although they little thought so at the time, laying up a stock of experience that was to help them through the present war. One son, William, and a grandson, George Kamnacher, played their part in the struggle, and George lives now as one of the Grimsby's most popular citizens. It was in 1917, as the war was drawing to a close, that Mr. Heise died.

Mrs. Heise has an unbroken circle of ten children, thirteen grandchildren and three great-grandchildren. She recalls with pardonable pride that she made all her children's clothing. Her 93rd birthday finds her still physically fit and showing little trace of the flight of time. She is keenly interested in world affairs, and counts among her pleasures the reading of The Independent each week. Though transport restrictions will prevent a family gathering, Mrs. Heise plans to celebrate her birthday fittingly, though quietly, with her daughter at 14 Kidd Avenue.

## In Memoriam

In loving memory of Nellie W. Richardson, a dear wife and mother, who passed away March 25th, 1942.

In our home she is fondly remembered, Sweet memories cling to her name, Those who loved her in life sincerely, Still love her in death just the same. Ever remembered by husband and son.

New Postal rates come into effect next Thursday.

Next Thursday is All Fools' Day.

All dogs in Grimsby must cease to run at large in the Town on and after Thursday next, April 1st.

Frank Hurst is greatly improving his property at No. 7 Depot street by the planting of evergreen trees and other ornamental shrubbery.

The Post Office Department announced Tuesday that the personal postcard rate of two cents will be increased to three cents April 1, along with the one-cent increase in the first-class letter rate.

Thos. W. Henry, Chesley, ex-manager of the Bank of Commerce in Grimsby, in renewing his subscription to The Independent, wishes to be remembered to all his friends and business acquaintances in Grimsby and district.

a bona fide agricultural worker. Also he must report the size farm he is working on, the type and acreage of different crops grown and the amount of stock kept. Too many men will not be allowed to a farm.

Payment of an additional "incentive subsidy" to canners to encourage the packing of Canada's 1943 production of tomatoes and tomato juice was announced Saturday by the Prices Board. This additional payment will be three cents a dozen cans for tomatoes and two cents a dozen cans for tomato juice.

According to the Government request that all unnecessary travel be avoided as a wartime measure, the 390 branches of the Ontario Command of the Canadian Legion have by a mail vote decided to postpone the biennial Provincial convention scheduled to be held in Toronto in August.

A fairly large number of farmers and "Called Men" attended the meeting in the council chambers on Monday night, when E. F. Neff, Agricultural Representative for Lincoln outlined the necessity for increased production from grain and stock farms and also just what a called man had to do to get deferment until next November first. A man who gets a deferment must be

Farmers who have extra houses on their property, which are customarily provided for farm help, do not need to consult the Rentals Administrator with respect to any bargain with hired men engaged solely for farm work, states the Current Review of Agricultural Conditions in Canada. Rental regulations apply only when such houses are rented to non-agricultural workers.

But Gillespie, the piano playing member of the Lions Club, loaned The Independent, a copy of the now defunct Toronto World, last week, that is very interesting reading at this time. It is the issue of Monday morning November 11th, Armistice Day. The front page is a marvel to behold. It is just a splash of wood type, "Germans Accept The Allies Terms - Monday morning, Washington, Nov. 11. Flash - 'Armistice Signed'. That's all. An easy page to produce, say we.

The Labor Department announced Tuesday that National Selective Service "has under review" the problem of assisting the canning industry to obtain sufficient labor for the 1943 season. "Final plans have not yet been drawn," said the statement, but one step has been taken. Under an order issued by Labor Minister Mitchell factories canning food products may "freely engage" female workers for any period of employment not exceeding 10 weeks.

An accident that quite easily could have had more serious results occurred on Tuesday afternoon, when the light delivery truck driven by H. V. Betzner was struck from behind by the 5.15 westbound Canada Coach Lines bus. The truck had slowed up opposite the Gibson coal office to let Miss Verna Lewis and Miss Ruth Walker out. Miss Lewis had just opened the door to alight when the bus crashed into the truck. Miss Lewis received bruises to the head and back and a bad shaking up. Miss Walker and Mr. Betzner escaped unharmed. No damage was done to the truck but one fender on the bus was doubled up.

**HARD BOILED EGG**

**HUMPHREY BOGART** the screen's "Tough Tommy" who outstars himself in the role of "Rick" in Casablanca, coming to Moore's Theatre, April 12 and 13.

"Back The Attack" is the slogan chosen for the Fourth Victory Loan.

Postmaster L. A. Bromley reports that 22 qualified nurses registered last week at the local post office, under the government registration of nurses.

A very large crowd of Bingo fiends attended the St. Patrick's night Bingo in Hawke's hall under the auspices of St. Joseph's R.C. Church. Many prizes were handed out and everybody had a fine evening. A nice sum was realized for the re-decorating fund of the Rectory.

Father O'Donnell and his Parishioners are conducting another Bingo in Hawke's Hall, on Monday night next, March 29th. There will be good prizes and a good time for all who attend. It will not be long now until you will be too busy to play your favourite indoor pastime so you better take this one in.

Reports show that the Lincoln County Game and Fish Protective Association has been very active during the past year. They released 7,500 brown and 1,800 speckled trout in district streams; and 2,500 large mouth black bass in Jordan Pond. They also planted 3,000 pheasants throughout the county. During the past few months they have scattered more than a ton of grain for winter feeding of pheasants.

In 1920 Butter was 65 cents a pound, eggs 60 cents a dozen, potatoes \$1.18 a peck. These are a few of the inflationary prices of that day. 24 staple food items of standard household need cost \$40.57, in 1920; \$22 in 1921 after the collapse of the inflationary boom and \$19 today. During the last war wholesale prices advanced 100 per cent in three and a half years, and in the same period of this war have advanced approximately 30 per cent.

Town of Gananoque tax rate is 45 mills, a reduction of seven mills below last year.

With the snow all gone, Supt. of Works Lawrie and his men are now busily engaged in giving the town streets a thorough cleaning of the winter's accumulation of dirt and muck.

Clarence and Mrs. Rushton have moved into their recently purchased home at 35 St. Andrew's avenue and Max and Mrs. Gunning have moved into the house vacated by them at 6 John street.

St. John and Shaw, local collectors for the Salvage Committee, report that the citizens have delivered to them over 500 pounds of fats and greases since the first of the year. This is helping the war effort in a tangible way.

**Obituary**

**JOSEPH GESINGER**

Joseph Gesinger, resident of North Grimsby township for the last 21 years, passed away at his home, Park road, Monday, following a lingering illness.

In his 70th year, he was a native of Hungary and came to Canada 40 years ago. He resided in Hamilton before coming here.

For several years he looked after the greens at the Deer Park Golf Club.

Surviving are his wife and one son, Joseph, at home. Funeral was held from Stonehouse Funeral Home on Wednesday afternoon, with Rev. J. A. Ballard officiating.

The casket bearers were Alex Magy, Steven Kposy, John Holpar, Jos. Molnar, Paul Foris, Jos. Varga, all of Hamilton.

**Canning Crop Subsidies Are Up**

Increased subsidies to encourage 1943 production of tomatoes, corn, peas and green and wax beans were announced by the Agriculture Department last week.

The payments will be made to farmers producing the crops required for canning purposes.

Farmers delivering tomatoes to canners for processing will be paid a subsidy of \$3 a ton. For corn, the subsidy is \$4 a ton, peas \$10, shelled weight, or \$2, straw weight, and beans, \$7.50.

Subsidies on canning crops were introduced last year when they were paid to the canner who included them in his purchase price to the farmer. At that time, the subsidy on tomatoes was \$1 a ton; corn, \$2; peas, \$7.50; shelled weight, or \$1.50, straw weight; and green or wax beans, \$5.

**Exam Dates Are Announced**

Ontario Department of Education have announced the dates on which high school entrance and upper school examinations are to be held. The former are to take place on June 24 and 25 with English literature listed for the forenoon of the first day and mathematics for the afternoon. The morning of the second day is to be devoted to English composition and grammar and the afternoon to spelling.

The timetable for the upper school examinations, which take place between June 11 and June 25, inclusive, is as follows:

June 11, 1:30 to 4 o'clock, problems; June 14, Greek authors in the morning and Greek composition in the afternoon; June 15, Spanish authors and Spanish composition; June 16, English composition and algebra; June 17, English literature and geometry; June 18, history and physics; June 21, French literature and French literature and French composition; June 22, botany and trigonometry; June 23, Latin authors and Latin composition; June 24, zoology and chemistry, and June 25, German authors and German composition.

Middle school examinations are carried on in colleges and secondary schools by the teachers, Mr. Perney explained. These examinations are set by the schools and the papers are marked in the schools, the Department of Education accepting whatever standing may be determined for each student.

**WHERE TO GET THE INDEPENDENT**

Copies of The Independent are on sale each week, at five cents per copy in the following local stores:  
James Baker.  
C. H. Rushton  
Milliard's Drug Store.  
Every Thursday morning after 10 o'clock.

**Small Cigarette Packages Are Out**

Out to a "Happy Hunting Ground" goes the small "pack" of cigarettes. By eliminating seven sizes of cigarette packages, a saving of 157 million packages is accomplished. By simplifying the packaging of cut tobacco about 21 million boxes annually will be saved.

The tobacco administration of the Wartime Prices and Trade Board explains this will result in corresponding savings in material, labor and production time; and reduced costs will make it possible for manufacturers to meet increases in the cost of raw materials without causing a "budge" in the price ceiling.

The regulations limiting the variety of cigarette "packs", are effective after April 30. After that date cigarettes will be limited to packages of 18, 20, 22, 25, 40 and 50 cigarettes. And plug or twist tobacco must weigh one ounce or multiples of one ounce. Each brand of cut tobacco is limited to

three sizes or styles and the smallest at least one-third of an ounce.

**The Struggle**

Our sons are striking  
By land and air and sea  
They're daring death that  
live  
In peace and liberty.

They heard the call and went to war  
With stalwart hearts and gay;  
They did not boggle at the task,  
Nor haggle o'er the pay.

They did not ask if we would stand  
Behind them in the fight;  
They doubted not their kith and kin  
Would back them with their might.

They never dreamed that when they struck  
It, the supreme attack  
Their brothers who were safe at home  
Would strike them in the back.

# PEACH BUDS TIE FIRST GAME

## HOCKEY CHITTER-CHATTER

PEACH BUDS BATTLE TO A 4-4 TIE WITH BARRIE "LIONS" — RETURN GAME SCHEDULED FOR MIDLAND ON THURSDAY.

By: "OFFSIDE"

On Tuesday evening in the Barton Street Arena, Hamilton, the first of the finals in the Juvenile section for a Provincial championship was staged between the local "Peach Buds" and the Barrie "Lions". When the smoke and noise of the battle was over the stalwarts on each team were in their respective dressing rooms licking their wounds, both physical and mental, the score board at the end of the arena showed four tallies for each of the contestants.

Barrie iced a smooth working, fast skating team that outweighs Clare Kustion's entry by about ten pounds per man. Despite this advantage in weight the "Buds" gave as good as they sent and with any kind of a break would have been returned the winner by the odd goal. Entering the final period and down one goal, the "Buds" ran in two quick goals to take a one goal lead which they managed to hang onto until the last three minutes of play, when Murray Richardson scored the equalizer. From then until the siren blew to end the game both teams were content to play for a tie and hope that the Gods of Hockey will give them a smile when they encounter each other in Midland.

Alibis have no place in sport. That is a major premise that any real sporting individual will readily agree to. Committee room decisions and games that are handed over by a protest board usually carry with them an odor that is reminiscent of Ferrous Oxide. Referees have at the best of times a none too easy task to fulfill and by the very nature of their work leave themselves open to barbed criticism by players, spectators, managers, coaches, etc.

This article always has been the last one to commence throwing the harpoon at the officials and hopes that he never will depart from this policy. Consequently the next paragraph is to be read in the spirit in which it is written. It is an understood thing that when a player breaks one of the rules he should receive a penalty and any kid that enters organized sports is aware of that. But—it does seem a little harsh—that for a breach of the playing rules—which was worth a two minute stay in the bastle—that when a juvenile lost his head and used unparliamentary language to the official that the same should be raised first to ten minutes and then to twenty—thus in a final game depriving the team of the service of one of their players for nearly half the game.

18 penalties in a Juvenile fixture does not indicate to this writer a well handled game of hockey—particularly when it is taken into consideration that in over twenty games played in the regular series seven and eight were the maximum for both teams to receive.

Blanchard, Filmchuk and Duffield all received nasty cuts around the face during the game and yet despite the fact that the rules of the O.H.A. distinctly mention the penalty to be imposed when blood is drawn none of the same were imposed. Guess that these three players are just so awkward with a hockey stick that they cut themselves. But now that this is off mine chest let's get back to the game.

In the opening frame play was fairly well divided and close checking was the feature of the play. Grimsby broke into the scoring column when Filmchuk's on a pass from Duffield rifled one home at 8:35. Barrie kept pressing and was rewarded when Bowen (Max) Richardson at 17:00 and L. Clark (D. Clark) at 18:30, took the lead. Grimsby evened this up on one of

the nicest pieces of combination displayed in the whole game when at 19:15, Whitfield who played excellent hockey all night despite a fractured rib, on a passing play from Lymburner and Boyd sank the biscuit.

The second period was a case of rush and have your shots blocked by good goal tending or finding yourself shunted into the corner. It was not until 15:30 that Barrie forged ahead when Murray Richardson (Don Clark), managed to get around the Grimsby defense and went right in on Pegg to get a red light.

The third period found Blanchard, who had been patched up in the dressing room back in his position. On the first play of this frame he waited right through to tie the score at 1:00 and thirty seconds later on a pass from Boyd, set Grimsby out in front. Barrie then forced the play and after sixteen minutes of good, bad and worse hockey, managed to even the count when at 17:30, Murray Richardson drove one home.

Both teams have encountered in this game the stiffest opposition they have met with so far this season—which is only natural, since both are contesting for a championship. On Thursday night in Midland, they will resume hostilities and one will have to weaken. If the Peach Pits or Buds will play the hockey they are capable of displaying and stay out of the penalty box they have an equally good chance to bring the Lionel Conacher Trophy back to the "Best little town in Ontario". Here's hoping that they do.

### SUMMARY

Barrie "Lions" — Goal, Trask; defence, Cook, Hamilton; centre, Bowen; wings, Peacock, Needham. Alternates, Max Richardson, Murray Richardson, L. Clark, D. Clark, Nixon.

Grimsby—"Peach Buds"—Goal, Pegg; defence, Clancy, McLean; centre, Duffield; wings, Filmchuk, Blanchard. Alternates, Boyd, Lymburner, Hallinski, Ferris, Whitfield, Tallman.

### 1st Period

1. Grimsby—Filmchuk, (Duffield) 8:35  
2. Barrie—Bowen, (Max Richardson) 17:00  
3. Barrie—L. Clark, (D. Clark) 18:30  
4. Grimsby—Whitfield, (Lymburner, Boyd) 19:15  
Penalties — L. Clark, Hamilton, Peacock.

### 2nd Period

5. Barrie—M. Richardson, (D. Clark) 15:30  
Penalties — Clancy (2), Nixon, Boyd, Peacock, McLean (Misconduct), D. Clark, L. Clark.

### 3rd Period

6. Grimsby—Blanchard 1:00  
7. Grimsby—Blanchard, (Boyd) 1:30  
8. Barrie—M. Richardson, (Bowen (2), Cook, Boyd, Ferris, Duffield, Clancy.

The man with a sweet, trusting disposition is a noble soul, but he is the one who never has any money to loan.

Experimental packages of dehydrated foods are stored for several months under tropical climate conditions, then opened to test the nutritive value and palatability of the contents.

A relative increase in cancer death rates and rationing of doctors for civilians may be expected as results of the war, Dr. Samuel Binkley, medical director of the American Society for the Control of Cancer, has declared.

# SPORTOLOGY

By Bones Livingston Sportologist

## THE CLOTHES PROP IS STILL HERE

The 25th of March, 1923, came on a Sunday—20 years ago—I was laid up in bed with cold in the muscles of my right leg. I was hoping for news of certain hockey players. About 6 o'clock the telephone rang. Mother answered it. I could hear her say "he is not going out tonight". She came upstairs and told me that Leslie John Farrell had called and that a hockey player had arrived in town.

I got up, against her orders and wishes, dressed, grabbed a cane and went into the drug store. It had been a dirty day and was still a dirtier night. There was snow aplenty and the wind was howling. That was the reception that John Ritchie McVicar, the Spring Bean from Renfrew, received into Grimsby.

Four weeks previous the late Lou Marsh, had said to me, "Bones, you're looking for hockey players, go get this guy McVicar off the North Bay trappers. If you can strap his elbows and his knees down you have the greatest defence man in Canada." We went. We looked and we grabbed. Poor Old Lou had the right dope.

That winter of 1923-24 we didn't do so good. Old Gene Fraser and his Home for the Aged and Infirm Aggregation, put us out of the picture in the local group, faster than it takes to write it.

The next year was a different story. A little shifting here and there and the moving back from a wing position, to a defence job with Jerry Carson made all the difference in the world. The Bean Pole from the Upper Ottawa, bum feet and all, was starting to prove his worth. He could knock them down, cleaner, quicker, faster and look for the next one better than any defence man that I have ever seen, not barring even the great King Clancy.

The thing that I always liked about Pop McVicar was that he had a heart in his body and a determination to carry through anything that he undertook for the organization or the people that he was working for. He was always light on poundage and heavy on gray matter.

The first winter that Pop put in in Grimsby was agony. That next spring and summer was no better. He told his grief to Honey Shelton, and he went into action. The Little Shoemaker did a little investigating and experimenting and McVicar went on the ice the next winter to lead the Peach Kings through a most glorious campaign and triumphant victory.

Nobody knows the secret of that Peach Kings team. I do not believe that there is any member of the team that can tell you the actual secret. Archie Dixon, the manager, did not know. I think that Old Tom Warner and Smoke McBride could give you a clearer conception of why they clicked so well, but at that I would not want to gamble that they were correct.

I asked Capt. Harry "Pud" Reid just what there was that made the team go places like they did and his only answer was the front line. That was natural from him. He was the team captain and a centre ice man. He told me "once I leave that centre ice line, I am absolutely confident that I can shut my eyes and pass that pack right or left and know that Artie Clarke or Short Horne will be there to pick it up."

McVicar always claimed that the Kings went through because every man on the team had confidence in the other fellow. As he explained it "my front line is up there doing their darndest. They ride in and they carry in. They will backcheck every inch of the way. If we lose the play, they know that Jerry and I are behind them. If we lose the play then we know that Buddy Fisher is there behind us. He has watched the play the full length of the ice. He is set for it. Also he knows that we are coming back to protect him and so is the front line."

You have been here 20 years, Pop. You came of your own choosing. As a battling hockey player you conducted yourself like a gentleman. You were fortunate enough to marry a Grimsby lady—Dorothy Norton. You have raised two beautiful daughters. You are a tax payer and a good citizen. The best move you ever made in your life was 20 years ago. Congratulations.

One of the many Canadian Red Cross functions is to make sure that no Canadian serviceman in overseas hospitals suffers from loneliness. Names of all Canadians admitted to military hospitals anywhere in Britain are turned over to the Red Cross and they in turn communicate with the "Visitors' Committee" in that particular area. Picture shows Sgt. H. J. Cossetine of Penticton, B.C., receiving gifts of cigarettes and candies from a Red Cross visitor in an R.A.F. hospital "somewhere in England. Over 7,000,000 articles of supplies and comfort have been given to patients in military hospitals and the armed forces by the Canadian Red Cross.

## Continuations From Page One

### COUNTY COUNCIL

Principal affairs with a view to establishing the basis of the 1943 county levy. Council discussed the possibility of drawing up three different equalized assessments upon which to raise their funds for general, patriotic and school purposes. Some assessments from county municipalities take into consideration fixed assessments within their own municipalities. The county feels that for some purposes, total assessments, rather than fixed assessments, should be charged with the county rates. On the committee will be Warden C. W. Durham, chairman of assessment, Leslie Lymburner, W. E. Heaslip and County Clerk W. H. Millward.

Council received a preliminary report from a committee which has been set up to study wartime housing problems as they affect the county. Wartime houses are situated in county municipalities, but do not contribute to the taxes of those municipalities. Therefore, they do not contribute to the upkeep of county institutions. The committee is endeavouring to get some assurance from Wartime Housing authorities that the county will be paid for Children's Aid Society work in these districts, or will be insured against having to shoulder the cost of indigents from these districts. Chairman of the special committee is R. M. Johnston, Port Dalhousie, with Councilors W. H. Sheppard, J. D. Hiltz, J. C. Dressel, Warden C. W. Durham and Clerk W. H. Millward.

The county clerk was authorized to ask the permission of the Department of Municipal Affairs to appropriate \$19,000 for patriotic purposes this year. Membership fee of \$10 will be paid, the Association of Assessing Officers of Ontario, and Chairman of Assessment L. Lymburner, the warden, and the clerk were named to attend their convention.

A grant of \$25 was made to the Ontario Conservation and Reforestation for 1943, and an interim grant of \$1,000 was made to the Lincoln County Federation of Agriculture, part of its annual grant from the county.

The Canadian Aid to Russia Fund asked the county council to set up a county depot to receive

donations of used clothing for Russia, but the council felt that this in already being looked after in each municipality, and they could accomplish little with a county depot.

Council endorsed a resolution from the County of Ontario, asking that milking machines be manufactured in larger quantities, and that Hydro power be made available to farms which have not become consumers. They felt that this would help alleviate the farm labor shortage.

Another resolution, from the County of Elgin, was endorsed. It asked that municipalities be given a chance to consider mothers' allowances before they were discontinued, and asked that dependants of enlisted men be considered residents, for purposes of hospitalization, of the place where the enlistment took place. In the case of civilians working at airfields or army camps, they should be considered residents of the municipality in which they were living when such employment started, the resolution advocated.

Council received a report from the St. Catharines Flying Club on the training which had been taken place at the club to prepare men for service with the R.C.A.F. The club also sent a cheque covering the insurance on the plane destroyed by fire last fall. The plane had been donated to the club by the county.

Chlorine was discovered in 1774; its value for bleaching purpose was first put to use in 1785.

A museum specimen of a highly rectified essential oil, bottled before 1820, is actually benzene, which Faraday discovered in 1825.

Merino sheep are being imported from Montana to the southeastern states to start new flocks for U.S. wool supply.

Flax waste, pressed into briquets and burned, provides a high grade of fuel for motor vehicles, according to Danish experimenters.

Job had patience but we bet he never was called to attend a meeting where everything was discussed except the topic for which the set up a county depot to receive

## WAR WHOOP 1943 MODEL

YOU HEAR IT at all hours... that long-drawn cry of the locomotive whistle. It's the war whoop of the railways.

It may be a troop train speeding to keep a date with a convoy... it may be a long freight loaded with tanks, guns and other materials of war, many of them built by the railways themselves... it may be another week's supply of raw materials to keep a war plant in production, or food, fuel and other essentials for the home front.

## PROCLAMATION Town of Grimsby

Pursuant to By-law No. 954 of the Town of Grimsby, and as authorized by resolution of the municipal Council of the Town of Grimsby, I hereby proclaim:

That now dog or bitch shall be allowed to run at large in the Town of Grimsby during the period from the 1st day of April, 1943, to the 1st day of November, 1943, save and except such dogs or bitches as may be securely leashed and under the control of some competent person.

EDRIC S. JOHNSON,  
Mayor.

Grimsby, March 13th, 1943.  
God Save The King

## NOTICE

### To Dog Owners

Pursuant to By-law No. 954 of the Town of Grimsby, and as authorized by resolution of the municipal Council of the Town of Grimsby:

"That every owner of a dog shall annually, on or before the first day of May in each year, register the dog with the Chief of Police of the Town of Grimsby and shall pay a license fee therefore, which is hereby imposed on every owner of a dog, as follows:

For a male dog, if only one is kept, \$2.00. For each additional male dog \$4.00.

For a female dog, if only one is kept, \$5.00. For each additional female dog \$6.00.

Each dog licensed must wear a tag, said tag to be charged for at the rate of 25 cents.

W. W. TURNER,  
Chief of Police.

Grimsby, March 24th, 1943.

## Continuations From Page One

### IS APPRECIATED

a small Western town and his sermons each Sunday are often talked about all through the following week.

He is more like a father to us younger fellows, and is always about the camp talking to all of us every day.

I have done very much travelling here in England, Scotland and also in northern Wales, have seen Ireland three times and was once in Iceland for 2½ days which in my estimation is quite some travelling in just three years time.

The weather here is very rainy and damp at the present time, and myself I would welcome a little snow instead.

No doubt we shall have another green Christmas, the snow never comes until late in January and never stays very long at any one time.

I must say cheerio for now, thanking you once again. I remain.

Yours very sincerely,  
Pte. W. J. Rooker.

### FIRE MARSHALL

fire from his home, came along just then. He and Smith went to the home of Hilliard Gibson and from there telephoned the fire department.

Although the firemen made an exceptionally fast run to the scene, only the framework of the barn was standing when they arrived.

They found smoke pouring from the house, situated little more than one hundred feet from the barn, but could see no fire. Eventually, the blaze was found in a pile of fruit baskets in one corner of the cellar and was soon drowned out.

Only the fact that all doors and windows were closed, Chief LePage said, prevented this blaze gaining headway. The house was completely furnished but only damage was from water and smoke. So far as could be learned from neighbours, there was no live stock in the barn. Mr. Lambert, who recently took over the property from Clyde Alway, formerly operated a transport business at Hamilton.

### MAKING APPLICATION

small fee. The entire project is just another step forward to make our community a better place in which to live, and in case of illness a delightful location in which to recover.

With the advent of the Public Health policy of the Dominion and Provincial governments, the establishment of this hospital and its operation thereafter will be much easier accomplished than would have been the case a few years ago.

Present plans call for the alteration and installation of a heating system in the building and the furnishing and equipping of same. There is at present a considerable quantity of furnishings in the building and these go with the donation.

It is the intention to only equip the place as a 15 bed hospital for a starter and add further equipment as the need arises.

Latest figures and plans show that alterations including a

## Speaks as Consumer

E. J. YOUNG

Former M.P., who still operates a Saskatchewan farm, and until recently chairman of the Ontario Industry and Labour Board, last week urged the Ontario legislators considering a forced collective bargaining measure to watch the interests of the consumer—"the only real employer."

heating system will cost \$17,000. Equipment to begin with will cost \$3,500. Besides this two persons have agreed to furnish a room each; another man is willing to put up \$1,000 or \$2,000 if it is needed. A firm is ready to donate \$1,000; a second firm is willing to donate \$500 a year for two years; a lady stands ready to donate \$2,000 worth of instruments; a lady who has had considerable experience in the work, has offered to organize a Ladies' Auxiliary for the caring of all linen.

### UNNAMED RESIDENT

cheque, just received, from an out-of-town resident of Grimsby, who does not wish his name revealed, for \$1,000 designated for Red Cross Chinese Relief.

The Campaign Committee takes this opportunity of thanking the many Citizens who gave so liberally of time, facilities and funds to make possible the success of the drive here.

## Price Ceiling On Used Clothing

Used clothing is under the price ceiling, the Wartime Prices and Trade Board reiterated last week, warning second-hand clothing dealers that they must abide by the price regulations. The board pointed out that it is watching the second-hand clothing exchanges and is prepared to take vigorous action to maintain the price ceiling.

In addition, the order provides that prices must not exceed certain specified amounts, for example: the maximum price that may be charged for a man's three-piece suit is \$18; for a man's winter overcoat, \$18; a woman's dress, \$3; girl's coat (up to 10-year olds) \$4.50; man's trousers, \$4.50.

## New Postage Rate On All Letters

Out Of Town Epistles Four Cents After April First — Local Delivery Three Cents.

The new postage rates announced in the budget brought down in the House of Commons will go into effect on April 1st, and it may prove something of an April fool headache. The new order increases out-of-town letters rates to four cents, and local drop letters to three cents. The present rate is three and two cents.

Though some sort of educational campaign this month to educate the public in the new rates is said to be contemplated by Ottawa, the public is known to learn slowly at times and insufficient postage will provide more work and worry for postmasters who have to collect double from you for the extra cent postage some one forgot to put on your letter.

But this trouble amounts to only a very small part of the whole postal picture, according to Alex M. Gibson, director of postal services. He does not anticipate extensive forgetfulness in this regard and hopes the interval between now and April 1 will enable the public to become fairly well acquainted with the need for extra postage after that date.

New rates are expected to make a best-seller of the little used grey four-cent stamp issued last July 4. Postal officials say additional supplies will be shipped to stamp depots across Canada in ample time. However, two two-cent stamps or three and one combination will still be good.

## Many Deputations Appeal For Help

County Council Will Purchase New Snow Plow For Road System — Highways Bylaw to be Consolidated.

A new snow plow for the Lincoln County roads system will be purchased to bring this department up to strength. The county council authorized purchase of the new equipment, which will take the place of one of the plows which is past usefulness through bending and rugged wear. Road Superintendent F. E. Weir stated that the county will now have four plow outfits, and eight dump trucks, completing its fleet. A new truck was delivered to the county a few weeks ago.

Council heard four deputations, each asking for grants, and all requests were referred to the finance committee. Dr. H. G. Fox, K.C., was spokesman for a deputation representing the Board of Governors of the St. Catharines General Hospital, and consisting of Col. E. F. McCordick, C. Bruce Hill, E. E. H. Wright and F. H. Holmes; Mayor Charles Daley also accompanied the deputation. Dr. Fox asked council for a grant of \$25,000 to assist the hospital board in its program of expansion which is costing about \$250,000. The building is being enlarged to provide more space for beds, for operating room, and for other services, and a number of pieces of the latest equipment are being purchased to bring the St. Catharines hospital in line with some of the best in the country. Dr. Fox reported that this is the first program of expansion that the hospital has undergone since 1926, and that in that interval, the number of patients, and of patient days has doubled.

Prinny Nesbitt, President of the Lincoln County Music Festival Association, asked for a grant of \$100. He stated that this is the only organization which tries to promote musical adjudicators who give the contestants the benefit of their constructive criticism. He pointed out that the value of music as a subject of education is now recognized in Ontario.

Mrs. Edwin Secord, Grantham, Mrs. C. H. Fisher, Queenston, and Mrs. T. Coady, Merriton, spoke on behalf of their Red Cross Societies, and asked for grants during the present financial drive. Their request, and that from the Grimsby district, which had been presented, were referred to the finance committee.

After raising its brood, the Phoebe tears down its nest, which is usually infested with lice.

These days, when tea must yield the utmost in flavour, quality is of supreme importance.

CANADA NEEDS 40 MILLION POUNDS OF FAT

HERE IS YOUR SECRET WEAPON

# Save Fats and Bones

AND HELP SMASH THE AXIS!

The next time you are frying or roasting something, just imagine the satisfaction it would give you to pour that hot fat right down the back of Adolph, Tojo or Benito.

You can even do better than that. Fats make glycerine, and glycerine makes high explosives to sink their submarines, destroy their airplanes and tanks. Bones produce fat, also glue for war industry.

Every spoonful of dripping, every ounce of scrap fat and every bone, cooked, uncooked or dry, must be saved. Strain all drippings through an ordinary strainer into a clean wide-mouthed can. When you have collected a pound or more of fat drippings take it to your meat dealer who will pay you the established price for the dripping and the scrap fat. Or you can dispose of them through any Municipal Salvage Committee collection system IN EFFECT in your community.

You can be a munition maker right in your own kitchen. So—every day, this easy way, keep working for Victory by saving every drop of fat dripping, every piece of scrap fat, and every bone.

This campaign is for the duration.
